ALL PURPOSE SPOTTER

Contains Unique Reducing Agent For Removing Color Stains

DESCRIPTION

This product is a one-step "all purpose spotter" and stain remover designed to remove the toughest oil and waterbased stains and spots caused by foods, beverages, petroleum and natural type greases and oils, blood, urine, lipstick, inks and Betadine®. Penetrates and lifts spots and stains in one easy application. No rinse required makes this product a quick fix for high traffic areas. Safe for use on colorfast carpets not affected by water, including nylon, rayon, wool, and other natural and synthetic fibers.

DIRECTIONS

After pre-testing an inconspicuous area for colorfastness, spray spotter directly onto stain. Blot dry with a clean white towel or wet extract. To avoid spreading of spot, always work in towards the center of the treated area. Tough stains may be lightly agitated with a soft brush, bone scraper, clean white towel, or sponge. Some spots, due to age or other factors, may require re-treatment.
